Parking at Cousins Island

New Security Cameras at Route One Lot!

To deter thefts and vandalism at the Route One lot, CTC has installed video surveillance cameras. The security recordings will not be monitored by CTC, but in the event of an incident that is reported to law enforcement officials, surveillance footage will be made available to the authorities upon request to assist in their investigation. Parking, as always, remains at your own risk, but we are hopeful the cameras will act as a deterrent to any thefts or vandalism.

EMPLOYEE

BIRTHDAYS

Bob Bauder

Doug Wallace

Both February 4th!

Happy Birthday!

As the year-round population of Chebeague grows, so does the demand for Cousins Island parking spots. Unfortunately, we cannot make the lot bigger, and we operate with a variety of restrictions under the terms of our lease. Over the years, many people have moved to Route One, either by assignment or voluntarily.

Our priorities for assigning spots at Cousins in 2022 were:

-one spot per year-round household (155 permits)

-a second car if there are two full-time commuters (11 total—7 full year/4 partial year)

We also are required by our lease to provide 10 overnight permits to Yarmouth residents as well as four designated Yarmouth day parking spots.

We issued a total of 176 overnight permits for 2022.

While this is consistent our practices since 2014, over the last two years we have

experienced unprecedented congestion in the lot. For this reason, to help us keep our car counts to levels set by our lease (165 vehicles) and, more importantly, to ensure there are enough spaces for people with permits to park when they arrive, all second household permits this year were issued with the condition that they may have to move to Route One at any time at the discretion of CTC.

Due to congestion in the lot, we have also increased our attendant coverage during the busy months. We will be patrolling the lot and ticketing and towing cars that do not have a current year parking permit. To avoid being towed, please affix your 2022 permit to the lower driver's side corner of your windshield. Make sure you remove all prior year stickers.

Thanks for your cooperation!

Thanks Scott!

It is with great regret that we say goodbye to Office Manager Scott Martin. Scott joined CTC two years ago and was asked to fill some very big shoes. He brought great professionalism and experience to the position as well as a healthy dose of Southern charm! His dedication continues as he will stay on during part of February to help us train our new office manager. All of us at CTC will miss Scott, and we know our customers will, too. We wish him all the best!

Service Cancellations

If you would like to be notified of cancellations in service due to weather, sign up on the Trip Cancellation page of our website—chebeaguetrans.com. You may also stay up to date by signing up to receive this newsletter via email!
